

Year 4 Homework

10th – 14th February 2020

Reading

Read aloud to an adult for 20 minutes at least 4 times every week. During your reading, make sure you have answered at least 3 questions from different sections of the [Reading Booklet](#). Then, discuss how you feel about what you have read. Ask the adult to write a comment in your Reading Journal. **Remember this should be more than just the page number you have got up to!**

Spelling

This week we are learning about some more homophones (scene/seen, mail/male, bawl/ball). Can you find any in your reading book? Write a list and bring it into school. The Statutory Spelling List organised by spelling rules can be found [here](#). For the alphabetical list, select appendix 1 and scroll through to the Year 3/4 page.

Word of the Day

Share your class's word of the day with your family. Explain what it means and try to impress them by using it appropriately in conversation. Challenge them to find synonyms (words with a similar meaning). **Last week's words were competition, ecstatic, extremely and ability.**

Multiplication and Division Tables

Practise the multiplication and division table you are currently working on. Ask an adult to challenge you with lots of different questions so you are ready for your weekly test.

Maths

This week we are learning about fractions greater than 1 and we will start adding and subtracting fractions.

Science

Our topic after half term will be electricity. What can you find out about electricity and how it works?
