### Current Standards

At St Paul's CE Junior School we are committed to promoting children's physical development, PE skills and enjoyment of sport. We recognise that importance of PE to health and wellbeing of our children and the impact the PE curriculum and extra-curricular activities can have on the attitudes, confidence and academic achievement of all children. This is evident in the wide range of activities that we offer within school, outside of school and involvement in competitive sport against other schools.

### Aims

- To continue to improve levels of aerobic fitness for all children
- To encourage all children to enjoy PE and chose to participate in physical activity at play and after-school
- To provide additional opportunities for children to participate in organised sporting activities against pupils from other schools
- To increase level of performance of teams representing the school
